Shawl measures

Diameter (approx)	cm	135
	ins	53

MATERIALS

PATONS DREAM TIME 3 PLY 25g balls

See page 24 for alternative yarns which may be used.

Quantity 18

Quantities are approximate as they vary between knitters.

IMPORTANT! Use only the yarns specified for this shawl. Other yarns may give unsatisfactory results.

ABBREVIATIONS – See page 9.

TENSION – 20 sts and 38 rows to 10 cm over garter st, using 5.00mm Needles.

To achieve the desired effect, this shawl has been designed to be worked on bigger needles at a looser tension than usually recommended.

FIRST – CHECK YOUR TENSION.

Please check your tension carefully. If less sts use smaller needles, if more sts use bigger needles.

MAKE UP

Using a flat seam, join edges to form a circle, taking care not to make seam too tight. With a slightly damp cloth and warm iron (unless stated otherwise on ball band), press lightly, taking care not to flatten patt. 🧵

FLAT SEAM

This method is sometimes used for knitted garments but more often for crochet garments. A flat seam may be worked from either the right or the wrong side of the work. Place the 2 pieces of fabric evenly together and sew stitch by stitch, always bringing the needle up from underneath to top though the centre of the stitch, then in same manner through corresponding stitch on second piece.

Note – Diagram shows knitted fabric, but method is the same for knitting or crochet. Always keep work elastic – there should be as much stretch in your seam as there is in the rest of your garment.

BULLION STITCH

Pick up a Back Stitch, the size of the Bullion Stitch required, bringing the needle point out where it first emerged, do not pull the needle right through the fabric. Twist the thread round the needle point as many times as required to equal the space of the Back Stitch. Hold the left thumb on the coiled thread and pull the needle through; still holding the coiled thread, turn the needle back to where it was inserted (see arrow) and insert in same place. Pull thread through until the Bullion Stitch lies flat. Use a needle with a small eye to allow the thread to pass through the coils easily. Arrange a circular group of Bullion Stitches to make a Grub Rose.

LAZY DAISY STITCH

Work in the same way as Chain Stitch (A), but fasten each loop at the foot with a small stitch (B). This stitch may be worked singly or in groups to form flower petals.

CHAIN STITCH

Bring the thread out at the top of the line and hold it down with left thumb. Insert the needle where it last emerged and bring the point out a short distance away. Pull the thread through, keeping the working thread under the needle point.

POM-PONS

To make a pom-pon, cut two circles of cardboard, the diameter depends on the size of the pom-pon to be made, and should be equal to the size of the finished pom-pon plus approximately 1.25 cm for trimming, plus the diameter of the centre hole, e.g. for a pom-pon 4 cm across, the circles would be 4 cm, plus 1.25 cm, plus 1.25 cm for centre hole, equals 6.5 cm. Cut a round hole in the centre, the size of the hole is approximately a quarter of the finished pom-pon. Wind the yarn round and round the cardboard until the centre hole is completely filled up.

Place the point of a pair of scissors between the two circles of cardboard and cut around, keeping the scissors between the cardboard all the time. Using a double strand of yarn, wrap round between the two circles of cardboard, knot firmly, and take away cardboard. Trim pom-pon.

HELPFUL HINTS

Measurements. Always be generous with measurements when an instruction is given to a number of centimetres. Measure in centre of work, with work laid out flat, unless otherwise stated.

Always count number of rows to make sure that different parts of a garment correspond when a measurement is given in instructions.

As most patterns give more than one set of measurements, it is advisable to read through the pattern before beginning to knit. Find where your own size is in the bracket and mark that set of figures throughout the pattern. If any alterations have been made to length or width, take a note of them. A row counter helps to keep a close check.

When increasing or decreasing, mark the position with a coloured thread – it makes it easier if the work has to be checked.

Join a new ball of yarn at the beginning of a row whenever possible. If the yarn covers the width of your knitted piece 4 times, you will have enough to finish a row – if not, join a new ball of yarn (the odd length can be used for sewing up).

When yarn has to be joined in the middle of a row (e.g. circular knitting) it must be spliced.
